

Materials

Body made of AISI 304 (optionally AISI 316) mirror polished stainless steel. Zinc-plated steel attachment base.

Installation and maintenance

The base is anchored by expansion anchors. The body is then inserted and the piece anchored with two screws. Delivered assembled and packaged. Instructions, screws and anchor bolts are included. No functional maintenance is required, other than standard cleaning. For further information log onto urbidermis.com

Standards

EN 10088, UNE EN-1090, ISO 1127, UNE-EN 12329.

Finish

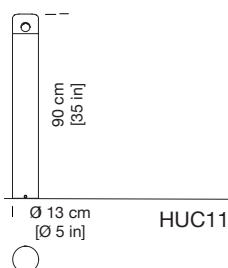

Mirror polished
